What is Accessible Parking and is your business in compliance with the law?

Illinois Code: 71 Illinois Administrative Code 400.110 et seq.400.310 (c)(1)

Any facility offering parking for employees or visitors must provide accessible parking for people with disabilities. An accessible parking space consists of a vehicle space and a striped access aisle. The entire space must be kept clear of obstructions at all times, including ice, snow, shopping carts, trash cans, seasonal garden displays, and bicycle racks.

To comply with Illinois law, a minimum number of accessible parking spaces must be provided: 1 accessible parking space per every 25 spaces.

Location

Accessible parking spaces must be placed on level pavement on the shortest accessible route to an accessible entrance. If a curb ramp already exists, the accessible space may be placed near the ramp, even if it means placing the space further from the accessible entrance. If a curb ramp is new, both the curb ramp and the accessible parking space must be placed closest to the accessible entrance. A curb ramp must never be built into the diagonally-striped access aisle of an accessible parking space.

Are your parking signs updated?

A U.S. Department of Transportation R7-8 (Reserved Parking) and a R7-I101 (\$250 fine) sign must be mounted on a permanent post no lower than four feet from the pavement. The post must be mounted in the center of the 16-foot wide accessible parking space, no more than five feet from the front of the parking space.

This information can be found at
www.IllinoisAttorneyGeneral.gov

If your signs are not up to code you risk being reported and fined by the Illinois Disabilities Rights Bureau:

CHICAGO

100 West Randolph Street
Chicago, Illinois 60601
1-312-814-5684
TTY: 1-800-964-3013

SPRINGFIELD

500 South Second Street
Springfield, Illinois 62706
1-217-524-2660
TTY: 1-877-844-5461

Your local municipality also has ordinances that require your signage and parking be updated.
